Our seasonal winter-warmer is amber hued, high-ABV, Strong Ale with notes of toffee, macadamia nuts, maple, and honey. A robust grain bill of various caramel malts, Victory, Honey malt, and oats create a sturdy backbone to stand up the hefty ABV while ensuring the beer stays silky rather than hot. The overall impression is a quaffable winter ale that is best enjoyed slightly warmed and sipped out of a snifter or tulip.

Featured Ingredients: Maple Syrup, Cinnamon & Vanilla.
